Transfer Case Rebuild Kit Applications

IMPORTANT NOTE:

MK (Major Rebuild Kit) contents, in general, will contain all Gaskets (or R.T.V.), Seals, O-rings, Metal Clad Seals, All Ball & Taper Type Bearings, Needle Type Washers, Loose Needle Bearings, and other needed items to rebuild the transfer case.

MS (Overhaul Kits) contain All Sealing Parts including Gaskets (or R.T.V.), Seals, O-rings, & Metal Clad Seals.

Major rebuild kits, and overhaul kits, in some cases, are combined to eliminate duplication. Caution should be taken in proper parts selection of components for rebuilding of specific models.

LEGEND

NP/NV - Represents New Process/New Venture
 WG/BW - Represents Warner Gear/Borg Warner
 Dana and Rockwell are Manufacturers
 Imports are listed by Manufacturer
 Dir MT stands for Direct Mount
 Rem MT stands for Remote Mount
 Footnotes are at the end of the section

1. During 1978 the NP203 Transfer could have either of 2 chains (HV-005 or HV-009). HV-005 is 2-1/2" wide x 49 Links, HV-009 is 2" wide x 36 links.
2. NP231 Transfer case 83-94 uses a BD50-8 input bearing(MK5907A). 94-Up uses a 6010 input bearing(MK5907B). NP231 may use either HV-022 1-1/4" chain, or HV-027 1" chain, depending on engine.
3. NP241 Transfer case 88-92 uses a BD50-8 input bearing, 307 Front output bearing(MK5908A). 92-94 uses a BD50-8 input bearing, 207 front output bearing(MK5908B). 94-Up uses a 6010 input bearing, 207 front output bearing(MK5908C). Regular NP241 uses a HV-025 1-1/4" chain, the Heavy Duty uses a HV-031 1-1/2" chain.

1. During 1978 the NP203 Transfer could have either of 2 chains (HV-005 or HV-009). HV-005 is 2-1/2" wide x 49 Links, HV-009 is 2" wide x 36 links.
4. The HV-051 and HV-070 have different lacing (link) patterns. The HV-051 has one blue link. The HV-070 has two blue links and ETguides.
5. The HV-052 and HV-053 have different links and sprockets. The HV-052 is a round pin design. The HV-053 is a rocker pin design. Both are 1-1/4" wide. HV-066 is 1" wide.

1. During 1978 the NP203 Transfer could have either of 2 chains (HV-005 or HV-009). HV-005 is 2-1/2" wide x 49 Links, HV-009 is 2" wide x 36 links.
2. NP231 Transfer case 86-94 uses a BD50-8 input bearing(MK5907A). 94-Up uses a 6010 input bearing(MK5907B). NP231 may use either HV-022 1-1/4" chain, or HV-027 1" chain, depending on engine (i.e.- GM 2.8L/4.3L).
6. NP241 Transfer case 87-94 uses a BD50-8 input bearing(MK5908B). NP241 Transfer case 94-Up uses a 6010 input bearing(MK5908C). The regular NP241 uses the HV-025 1-1/4" wide chain. The heavy duty NP241 uses the HV-031 1-1/2" wide chain.
7. GM vans with WG1372/4472 use the HV-032 straight pitch (rounded links w/2 blue links) chain. GM Trucks (S10, etc.) use the HV-033 random pitch (rounded/square links w/1 blue link) chain.
8. GM WG4470 can use either the HV-031 with 12 links across (two blue links), or HV-050 with 13 links across (one blue link).
12. The HV-063 & HV-072 have different lacing(link) patterns. The HV-063 has one blue link & the HV-072 has 3 blue links.
13. NP261/263 Regular Duty (Full Time) uses a 1-1/4" wide chain HV-072. NP261/263 Heavy Duty (Part Time) uses a 1-1/2" wide chain HV-069.

CONVERSION KITS (Converts 4x4 to 4x2)

PART NO.

Kit w/Hubs **502W**

Kit w/o Hubs **501W**

Locking Hubs Only **401H**

For: 74-80, 1/2 Ton Chevrolet Blazer and Ford Bronco. Also for 77-80, 3/4 Ton Chevrolet and GMC.

Bell Housing Problems? We Can Solve That Too!

A case adapter kit is available allowing you to additionally strengthen your 4x4 old style case (4 bolt, steel, light duty flywheel cover) by using the last style 6 bolt heavier duty aluminum flywheel cover. It also allows for use of support struts used on the later style cases.

Part No.
K35996

Kit includes:

- Heavy Duty Cast Aluminum Brackets
- 6 Bolts, Nuts, Washers

LIMITED WARRANTY

All products supplied are warranted to be free from manufacturing defect. Any and all parts claimed defective must be returned prepaid freight for inspection with a written explanation of how they were installed and operated. Liability is limited strictly to the replacement of parts only and no claims for labor or consequential damages will be accepted. Except for such replacement, the sale, use or any other handling of our products is without liability or warranty whatsoever. No liability will be accepted for misuse, negligence or abuse causing damage, defect, injury or loss. All returns must have prior company approval and authorization.

NOTICE

This catalog has been prepared from reliable information, and with the utmost of care. However, we cannot assume responsibility for errors, omissions, or misapplications. We reserve the right to make changes or modifications on individual components or kits without prior notice. All parts listed in this catalog are for replacement purposes only. The use of original equipment manufacturers' part numbers, trademarks or terminology is solely for the purpose of clarification and to help simplify selection of the proper replacement part. It is not intended to represent any part listed in this catalog as being that of the original equipment manufacturer, except those that are, and are so identified.
